Audience Testimonials for Supersonic Queen:

"Seeing Supersonic Queen perform in Scarborough was a true gift. Their experience, band chemistry, quality of musicianship and professionalism were evident from the very first note! Having seen many Queen Tributes, The Freddie Mercury is a level above anyone I've ever seen before. His mannerisms, energy and charisma perfectly reflected Freddie I thought. The band's harmonising is high level, and they play such complex music and sing so well simultaneously and seamlessly! Amazing" **Davina Mortimer**

"Oh my god I have no words to be honest! I no longer feel cheated that I never saw the original Queen as these guys absolutely rocked! The spirit of Freddie Mercury was definitely channelled by the wonderful showman and front man for this band accompanied by top class musicians! I simply cannot wait to see these guys again" **Morganna Lambert**

"Supersonic Queen are head and shoulders above other Queen tributes. They have a great energy and sound fantastic: highly recommend you see them - a really entertaining night out! Sometimes tribute bands have a great front man but are let down by the band ... and sometimes you get great bands and a front man that doesn't quite cut it.... It's not often that you get a great band AND a great front man that create the magic that the original created ... but Supersonic Queen have it all!!! Sit back and strap yourselves in!" **Joe Pasquale**
